Next up: Prof. Haihong E, Beijing University of Post and Telecommunication, with Towards Detecting AI-Generated Manipulations in Academic Images

She starts with a little quiz? which of these images are real vs. AI-generated?

Next: Bibek Dahal, University of Calgary, with 'International Research Trainees Understanding of Plagiarism and Integrity: A Qualitative Study'
International research trainees might come from vary different backgrounds and have a different understanding of what (self-)plagiarism is.
