After lunch, we will continue with Plenary Session #3 (starting in 30 min)
Championing Research Integrity: Insights from the Einstein Foundation Award Winners

I will be one of the presenters, so I will do limited posting here.

[#WCRI2026](#) [@einsteinberlin.bsky.social](#)

Details

The Einstein Foundation Award shares with the WCRI the common goal of enhancing the integrity and openness of research. Winners of the Einstein Foundation Award for Promoting Quality in Research will present their impactful work advancing research integrity. This plenary session will ...

The session starts with a short movie introducing the [@einsteinberlin.bsky.social](#) Award.

The three speakers are there laureates of the award. We are introduced by Mai Har Sham, one of the jury members.

First up, Timothy Errington, @cos.io, Center for Open Science, with "Insights on making research processes, content, and outcomes openly accessible"

We looked at 3900 papers in 62 journals, and focussed on 600 papers for repeatability tests.

Next, Brandon Stell @brandonstell.bsky.social, @pubpeer.com, with "Elevating Scientific Standards: Community-Driven Assessment on PubPeer"

Set up as online journal club - to share information or concerns with other readers of certain papers - it serves as a global evaluation of papers.
